THE BEST PART OF THE GIFT IS THE BOX

Every year you hear at least one person – if not yourself – say “We spent all that money on the gift and the kids ended up playing with the box”!

Fun-In-A-Box is a refreshingly new product that will not only keep two kids (aged 3-6) engaged for at least a week but it also actually incorporates the box into the fun.

These back to basics theme-based activity kits focus on using creativity and imagination while expanding developmental skills (i.e.: fine motor, gross motor, cognitive, social/language/creative, or sensory). The kits come complete with supplies and instructions for crafts (for 2 children), games, songs, poems, snack/meal ideas and inside and outside adventures to last at least a week.

This year with school running right up to December 23, there will be a bigger anti-climax after Christmas than ever. What better gift than one that will give the kids something new to do and learn everyday.

Now when the kids end up playing with the box, you can actually feel good about it.

Fun-In-A-Box also offers a great Christmas kit with activities for everyday leading up to Christmas. You can harness your kids’ excitement and redirect it into some really neat stuff that will help them with the wait until the “big day”. The kids can also make special treasures to give as gifts of their own.

Fun-In-A-Box kits are currently available on line at www.funinaboxcanada.com.
Or by calling 604-782-4345. CAD \$24.95 + \$5.00 shipping/handling (For Canada & US)
